# Top Ten Lessons From The Boat

By Hsiao - Ching

Remember the Bible story about Peter walking on water to Jesus in the storm? Here's my top ten list of lessons I learned.

1. Get out of your boat - Sometimes you have to take a risk to go for a miracle.
2. Leave your friends behind - most the time the crowd is wrong.
3. You may still get wet, but you won't drown - even in the midst of miracles, life goes on and there may be a little inconvenience.
4. If you're scared, you might as well be scared with Jesus.
5. Be bold and request a miracle, but remember to wait for the perfect timing/permission to experience it.
6. Always cry for help - God is already there to save you.
7. A frightful, life threatening experience can become a glorious, joyful memory.
8. When fearful, your eyes will deceive you -Jesus was there to save, not to scare like a ghost.
9. When you walk in faith, do not stop, be as a fast purposeful dart with Jesus as your only target.
10. You will never be safe or at peace, until Jesus steps into your lifeboat. 🌳
